Do What Thou Wilt Shall Be The Whole Of The Law.

Dear Brothers & Sisters,

I do not want nuclear waste dumped in Nevada. My beautiful grand-daughter Skye lives here & I don't want her exposed to

this waste. I don't think anyone should have to live with this in their backyard. Instead of looking for somewhere to dump this waste as a solution, we should look into ways of neutralizing this danger. If this is not possible, we should seriously consider launching the waste into space. It is time

that the inhabitants of this planet seek to stop the  
manufacturing of dangerous pollutions. Please, let us make this a safe &  
happy planet for the children, our bright, shining little "stars".

Love Is The Law, Love Under Will.

Dianna
