1 --> [As far as putting waste at Yucca Mountain my opinion is that it is a stupid ridiculous decision. Why can't it stay where it is if it is supposed to be safe right there. Why make that awful trip across the country where something can happen in an instant.

A gas truck crashed yesterday here and exploded and caught fire and the fire destroyed homes and everything surrounding it. It could happen with nuclear waste. No thanks on waste coming here.]

Thank you/
