Subject: Yucca Mountain Radioactive Waste Plan

LSN: Relevant - Not Privileged  
User Filed as: Excl/AdminMgmt-14-4/QA:N/A

Hello,

1 [ Please do not allow more radioactive waste to be shipped & stored at Yucca Mountain. The reasons are numerous, including the fact that Western Shoshone Nation and the State of Nevada oppose this dump. In addition all evidence points to an active magma pocket below the site and thirteen different fault lines in the mountain. ]

For more info please read:

<http://www.h-o-m-e.org/Yucca/index.htm>

Thank you very much.
