Subject: stop nuclear waste dumping in Yucca mountain.

LSN: Relevant - Not Privileged
User Filed as: Excl/AdminMgmt-14-4/QA:N/A

To Whom It May Concern:

I [implore you to stop the plan to dump nuclear waste in Yucca mountain. This is a sacred Indian site and as such deserves respect. Transporting nuclear waste over vast stretches of highways to this remote location is very dangerous.]
Thank you,
