Subject: NO RADIOACTIVE WASTE AT YUCCA MOUNTAIN!!

LSN: Relevant - Not Privileged
User Filed as: Excl/AdminMgmt-14-4/QA:N/A

I [I am totally against storing radioactive waste at Yucca Mountain, the site is over the second largest aquifer in North America and we cannot risk polluting all that ground water. Years ago I saw a piece on TV about Yucca Mountain, it showed two warehouses storing core samples from Yucca mountain and none of the samples were labelled. The science on Yucca Mountain's ability to contain nuclear waste is shoddy and cannot be trusted. Don't approve the site.]
